REPLY TO REQUIREMENT FOR ELECTION OF SPECIES

Customer Service Window, Mail Stop Amendment
Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, 401 Dulany Street
Alexandria, Virginia 22314

Sir:

The applicant is in receipt of the Office Action mailed October 23, 2006, entirely in the nature of a requirement for election of species. Applicant replies below.

First, however, applicant respectfully requests the PTO to acknowledge receipt of applicant's papers filed under Section 119.

An election of species has been required among what the PTO deems to be six (6) patentably distinct species. As applicant must make an election even though the requirement is traversed, applicant hereby respectfully and provisionally elects the species of Figs. 10-15 with traverse and without prejudice. The claims which read on this species, including generic claims, are claims 1-3, 9-12 and 14-21.

Appln. No. 10/799,753
Amd. dated November 21, 2006
Reply to Office Action of: October 23, 2006

Applicant does not deny that the species may indeed be patentably distinct from one another, i.e. define non-obvious subject matter over one another. Accordingly applicant's traversal is based on the second paragraph of MPEP 803, which **requires** a search and examination of patentably distinct inventions, **even when the requirement is correct**, if it would not constitute a "serious burden" to do so. Applicant submits that at least some of the species are not so different from the elected species that it would constitute a serious burden to also examine these non-elected species.

Applicant further notes that no separate classification has been demonstrated. Accordingly, it would appear that a **complete** search of the elected species would also require a search of at least some of the non-elected species. Once such a search has been conducted, the burden of examining those additional species would be only a minimal, i.e. not a serious burden.

Accordingly, applicant requests at least a partial withdrawal of the election of species requirement and an examination on the merits of additional species along with the elected species.

Respectfully submitted,
